

## Tynecastle High School Science Faculty

Top Tips to support your child to be successful in Higher Human Biology

### Useful websites:

- Scholar- all students have passwords for this  
<http://courses.scholar.hw.ac.uk/vle/scholar/login.jsp>
- Home Learning is posted onto iTunesU, this can be accessed on iPads via the app or website
- All class materials are posted onto iTunes U, this can be accessed in iPads via the app or website (use Mozilla rather than Internet Explorer)  
<https://itunesu.itunes.apple.com/coursemanager/>
- Bitesize does not have the Higher Human course but there are useful resources from the Higher Biology topics:  
<http://www.bbc.co.uk/education/subjects/zm6tyrd>

Further information can be found on the Biology page of the school website  
<http://tynecastlehighschool.org.uk/>

### Assessment type and frequency

- There are 3 units of study. Each unit has a NAB which must be passed (pass mark 65%). There will be a prelim in January 2016 and the exam is externally marked
