Some Notes

- Please let your teacher know **in advance** if you plan to attend Easter School sessions; a list of names of students expected to attend will be created
- It seems unlikely, but if there are no names signed up in advance for a particular session, the session will be cancelled, and so the teacher will **not** be in school
- On Thursday 29 March, the last day of term, teachers will hand their lists to the school office
- When you arrive for Easter School, please sign the register at the School Office (for health and safety reasons)
- Teachers will be in school at the times stated, but not at other times, and so please do not arrive in school 'on spec', or hoping to 'study generally'
- Any teachers unable to attend (for example due to illness) or running late will inform the school, and information will be passed to students when they arrive
- **Thank you** to our teachers who have volunteered their time, and **well done** to our students who take advantage of these great opportunities
