

How to Sign out of iCloud on Your Device

Step 1 Sign out of iCloud

iPad switched on, sign in

Press the settings icon

Press on name on top left column

Look at right side column at the bottom in red it will say 'sign out'

Press sign out and enter Apple id password

Press sign out

Press sign out again

That is you signed out of iCloud

Step 2

On right hand column, second from bottom, press 'Reset'

Press 'Erase all contents and settings'

Enter your passcode

You may be asked to do this again

Screen should turn black with a moving white bar

After a minute or two it will go white screen with Hello in different languages

Job Done!
