

Dear Parents/Carers,

I hope that you have had a good weekend and that the poor weather of yesterday did not cause too many issues for you.

As you know, on Friday I alerted you to the fact that we have now received further guidance from the Scottish Government on Reducing Risks in Schools and this document let us know that senior students and their teachers are expected to wear face coverings in classes because the City of Edinburgh is in Tier 3. Added to this, they have also stated that any young people who are of the highest clinical risk should take advice from their GP as to whether they should be attending school.

'parents or guardians should discuss with their GP or clinician whether children with the highest clinical risk should still attend'

Can I therefore ask you to organise this if your child falls into this category.

As always, if you have any questions regarding this please do not hesitate to contact me to discuss.

Yours sincerely,

Hazel Kinnear
Head Teacher
