**INNOVATION
CENTRE**

Create an App to Save the World! at the new app design club

Build new skills in app design and development to solve a problem that affects the world's people and planet. Research and learn how to design and build your own mobile app prototypes in small groups.

With expert mentors supporting you along the way, you will get a chance to meet people working in the digital industry who will help you discover new skills and interests!

You will get the opportunity to present your prototype in teams to our panel of 'dragons' and enter a UK wide competition for the chance to get your app published!

**You will build valuable skills for any
future career;**

**Planning - Presenting
Influencing - Problem-Solving
Communication - Creativity**

We can't wait to meet you!
